

OSA-1589-62

23 October 1962

Dear Dick:

A need exists for a Handbook of Information for Flight Planning, Photo Interpretation, and Film Evaluation for the Type I A package.

The following information should be included:

- a. General information.
- b. Film designation and format presentation.
- c. Programming and ground coverage.
- d. Camera characteristics include dimensioned outline drawing showing film path and lens positions.
- e. Camera controls.
- f. Recording chamber.
- g. Charts, tables, formulas, nomographs and curves peculiar to your system.
- h. Power requirements, limiting performance factors, film travel rates, effective shutter speeds, etc.

Sincerely,

25X1A

Jack T.
